

Stuff fails, Tend pays you.

Tend is on a mission to be better than home warranty. Tend provides coverage for your home systems and appliances at half the cost of a traditional home warranty.

With Tend, you choose your own service provider and get repairs done on your own schedule.

How Tend works:

1) If a covered item breaks, call the service provider of your choice.

2) Get it fixed and send us all the documentation.

3) We will reimburse all covered repairs and replacements up to our limits less your choice of \$500 or \$250 claims fee.

(A 30-day wait to file claims applies unless enrollment is due to a real estate transaction.)

No guessing or hidden calculations.
You'll always know what's covered.

	TEND HOME
Retail cost	\$375 - \$700 annual / \$31.99 to \$61.99 monthly
